

Salt Separation Services

HEALTH & SAFETY POLICY

Salt Separation Services, in accordance with its duty under Section 2(3) of the Health and Safety at Work Act 1974, is committed to provide and maintain safe and healthy working conditions, equipment and systems of work for all its employees. The company also accepts its responsibilities for the health and safety of other people who may be affected by the activities and products of the company.

The Company will fulfil this commitment by implementing an Occupational Health and Safety Management System in line with BS OHSAS 18001.

To meet the requirements of the standard the Company will provide financial resource and aims to:

- Observe relevant regulations and codes of practice;
- Provide adequate control of the health and safety risks arising from our work activities;
- Consult with our employees on matters affecting their Health and Safety;
- Provide and maintain safe plant and equipment;
- Ensure safe handling and use of substances;
- Provide information and training for employees;
- Ensure that tasks given to employees are within their skills, knowledge and ability to perform;
- Maintain safe and healthy working conditions and a working environment which is free of work related accidents and ill-health;

The management appointee is responsible for the OH&S management system including establishing procedures and processes, and monitoring/auditing them to ensure compliance and continual improvement.

The OH&S Management System shall be periodically reviewed by the Senior Management of the company.
